

Test file for BibTeXu

Yannis Haralambous

March 1, 2019

This is a test file for BibTeXu. The BIB file is as follows:

```
@book{cle1,  
Author = {Διογένης},  
Publisher = {Τὰ σοφὰ βιβλία},  
Title = {Μήπως εἴδατε τὸ φανάρι μου;},  
Year = {2009}}
```

```
@book{cle2,  
Author = {Échelon, Nicolas},  
Publisher = {Les Éditions du désastre},  
Title = {La vie est un long fleuve tranquille},  
Year = {2009}}
```

```
@book{cle3,  
Author = {天堂最新的章节表, 格的儿子},  
Publisher = {Les Éditions du désastre},  
Title = {製版・文書処理システム Ω},  
Year = {2009}}
```

```
@book{cle4,  
Author = {Tarantin, Nicolas},  
Publisher = {Les Éditions du désastre},  
Title = {En revenant de Tarascon},  
Year = {2009}}
```

```
@book{cle5,  
Author = {Ζαχαρόπουλος, Ζαχαρίας},  
Publisher = {Εκδόσεις τῶν χαμένων ἐλπίδων},  
Title = {Μοῦ λένε νὰ μὴν κλαίω, μὰ τί νὰ κάνω, ἀφοῦ σὲ χάνω},  
Year = {2009}}
```

```
@book{cle6,  
Author = {天王最新章, 节列表},  
Publisher = {Les Éditions du désastre},
```

Title = {製版· 文書処理システム Ω},
Year = {2009}}

@book{cle7,
Author = {Ελληνας, Μήτσος},
Publisher = {Εκδοτικός οίκος «Δὲν βαριέσαι»},
Title = {Τὸ καλὸ παράδειγμα},
Year = {2009}}

@book{cle8,
Author = {Œtlingen, Nicolas},
Publisher = {Les Éditions du désastre},
Title = {Un livre},
Year = {2009}}

As you can see, we have mixed together entries in French, Greek and Chinese. The challenge of the French entries is that Échelon should be sorted as “echelon” and Œtlingen sorted as “oetingen” so that the right order is : Échelon < Œtlingen < Tartarin.

Same problem in Greek: “Ελληνας should be sorted as “ελληνας” and hence should appear between Διογένης and Ζαχαρόπουλος.

Have fun with BibTeX! Once testing and debugging is finished we will write a paper for TUGboat.
