**1.1 First subsection**

**1.2 Second subsection**

A small nice citation:  
A bird cannot land once on a great tree and claim to know it. But I imagine  
that he would, yes.

Iain M. Banks (1993), *Against a dark background*.

# Second section, starred

This is a starred section; you can test here variations on the `\mtcaddsection` command. Just uncomment one (and only one) of the `\mtcaddsection` commands after `\section*` in the source code of `mtc-add.tex`. For each case, look at the Table of Contents and at this section. I also added a lot of index entries, just to test.

## 2 Third section

### Contents

3.1	Fifth subsection . . . . .	8
3.2	Sixth subsection . . . . .	8
