

1 LTR

The starting place for the wrapfigure environment was manually determined in the current ex-

sample by first setting the text without the figure to find the linebreaks.

Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again. Some text for our page that might get reused over and over again.

This is “wrapfigure”.
